

October 2008

The Cambridgeshire Opportunities Trust

The Disability Service is proud to be working with the Opportunities Trust. With the development of personal budgets, we wish for all our customers to be able to buy the care, support and opportunities that best meet their lifestyle.

The Opportunities Trust will work to ensure that its members are driving up quality and choice and finding the gaps in the market.

Customers will be able to spend their personal budgets in a manner they choose. We favour the Opportunities Trust as a way of ensuring quality and support for people in receipt of personal budgets across Cambridgeshire.

Yours Sincerely

George Hunt
Area Manager
Commissioning and Governance
