Description of Services

Adults Supporting Adults provides community services for people over the age of 18 years who have a learning or sensory disability or mental health needs including those with dementia and who require support to live in the community.

DAYTIME PROVISION

Daytime Provision is a support service designed to suit you and your needs.

Support is provided on a one-to-one basis where a positive relationship between the provider and the client develops. The service can be activity or community led, for example:

- Domestic skills, such as cooking and managing personal finances
- Making friends in the community
- Attending Adult Education Classes
- Supporting clients back to work
- Or, just going down the pub

AT HOME DAY SERVICE

At Home Day Service is a service based in the providers home for people who have dementia or anyone else who would benefit from the uniqueness of this small group based activity. These may include:

- Maintenance of people's interests
- Provides a break for the family carer
- The service is provided with up to a 1:3 staff to client ratio
- Helps maintain links with the community.

EXTENDED STAY PROVISION

Extended stay offers an opportunity to live with a supportive family to learn the skills necessary for independence.

Families support clients in a variety of ways responding to each persons needs, some examples of which are:

- Home skills, such as cooking and managing finances
- Social and emotional support
- Making friends and developing links with the community
- Support into employment

Respite Services

Respite is a flexible service offering clients and their family carers a supportive break from each other.

The service can be provided from 1 to 28 days with a family at any one time. This is a tailor-made service which:

- Provides a break for the family carer and client
- Provides a client with the experience of living with other people
- Respite can be provided as a planned progression into extended stay
