Description of Services

If you're an adult 18+ and have a desire to improve your situation and positively develop yourself, our service may be for you. Our program is one to one, tailored to you, and includes access to opportunities in your community.

We help you to identify, develop and maximize your potential with a view of increasing your quality of life. We do this through a career and life coaching process that helps you to identify your strengths, interests and development needs.

We can support with any or all of the following:

- Firming up identity Setting relevant goals
- Health and fitness
- Developing better relationships
- Accessing stimulating learning or volunteering opportunities
- Life, employment, career or personal development

..... and have some fun along the way!
