Description of Services

Cambridgeshire ACRE (Action with Communities in Rural England) is the rural community council for Cambridgeshire and Peterborough.

We:

- Engage with the rural communities of Cambridgeshire and Peterborough by supporting community participation, providing funding advice, facilitating community-led planning and setting up new projects.
- Work in partnership with individuals and organisations and seek to influence policy makers at local, regional and national level.
- Carry out research and analysis, building a rural evidence base that underpins and advises on our own work and that of others.

Our current services include:

- Facilitating Community Led Planning to help communities create plans that lead to thriving, vibrant, sustainable community life.
- Supporting the development of Affordable Rural Housing to ensure that people living in rural areas of Cambridgeshire have sufficient affordable housing provision.
- Delivering the Fens Adventurers Rural Development Programme which aims to develop a thriving farming and rural business economy which contributes to and is supported by the economic, social and environmental well-being of the Fens' communities
- Providing a Community Facilities Advice to those who run village halls, playing fields or play areas.
