Description of Services

Darwin Nursery is a farm shop and garden nurseries working with adults with learning disabilities and mental health issues.

We promote learning, independence, skill building and social skills within a supported, horticultural and retail environment.

We have a large site shop, greenhouses, animals, shrub areas, pond, quiet garden and turf maze. We produce hanging baskets and grow many different plants and flowers. The shop is well stocked with all customers need for their gardens, as well as fruit and vegetables and pet foods.

Darwin Nursery offers vocational courses with Huntingdon Regional College in horticulture and retail. It is proud to be non discriminatory and welcomes everyone.
