Description of Services

Darwin Workshops is a proactive service that is willing to continually recreate itself to ensure that we effectively meet the needs of those who use the centre.

We strive to offer a friendly, innovative and stimulating environment and are committed to working together with those who use our facilities, to generate a positive and inclusive service that is continually relevant for those who choose to join us.

At present we offer activities such as art, pottery, music, sports, T'ai Chi and have a sensory room with specialist snoozelen equipment.

We continue to be flexible in the program of activities we offer, to ensure their relevance to those who choose to join us.

Contact To find out more about our service, please contact Christine Millar
