Description of Services

Huntingdon Mencap provides specialist support services for people with learning disabilities.

Our service includes home support helping people to live independently within their own homes; support given is tailored to individual needs and can range from 1 to 24 hours per day. We can assist with day to day living skills, shopping, budgeting, and general household tasks.

We assist people to access the community they live. Supporting them to choose and do a wide range of leisure and educational activities.

We can help to support families with our short breaks service, which will provide a member of staff who will come to service users homes allowing their parents or carers time to take a break for a few hours.

All our staff are trained to a high standard and have a solid knowledge of appropriately supporting learning disabled people.
