### Description of Services

**Creative Days** - a tasty new service from **Inspire** starting Sept 09.

We are preparing a wide range of appetising activities and learning opportunities for people with learning disabilities in the Cambridge, South Cambs and Huntingdonshire area. They are arts-based or environmental.

Activities will run weekdays between 9.30am – 3.30pm, with the possibility of additional times if requested.

Most of these activities will take place in Inspire's studio in **Milton**, or the Lothbury Centre in **Weston Colville**, near Balsham and Linton. Green Team activities are mainly in **Huntingdonshire**.

Contact us as soon as possible to express an interest, best before 31 July 09 but anytime is fine, so that we can try and serve what you like, when you like.

It may be possible to help with transport – please enquire

## **The MENU**

### **Funky Flamingo**

If you like music or film, you'll love Funky creative sessions:

- Singing and music
- DJ-ing
- Filming
- Video-mixing

When you have gained some experience, you can take part in Funky Flamingo club nights at the Junction in Cambridge, and in world-wide internet broadcasts!

### **Art and Craft**

If you like being creative, you can be as expressive as you like at Art and Craft sessions. Chose from activities such as:

- Felt-making
- Paper design
- Painting
- Drawing
- Collage
- Claywork
- 3-D design

Finished work can be displayed in the studio or other public places, and on the world-wide web, and can be taken home.

## Green Team

If you like being outdoors, a day with the Green Team will be just right for you. You can go on day outings to country parks to do things like:

- access the countryside and enjoy nature, take photos
- learn about growing plants

And for the more active:

- conservation projects
- weave willow sculptures
- work on allotment projects

You can join in just for fun, or to work towards a qualification in conservation. Most activities take place in the countryside around Cambridge and Huntingdon, and sometimes in Inspire's studio in Milton.
