### **Description of Services**

Voyage is an established national provider of quality specialist services for people with a wide range of learning disabilities, autistic spectrum disorders and acquired brain injuries and other complex needs. In total we support nearly 1800 people in 250 services across the UK.

Our services range from complex support packages in the home, to supported living, pre-independent living and small residential care (with and without nursing). We currently have 17 services in Cambridgeshire, in Cambridge, Huntingdon and Peterborough and a further 28 services in adjoining counties. Details of these services can be found on [www.voyagecare.com](http://www.voyagecare.com) which has downloadable information.

We are very happy to talk to individual budget holders, or those acting on their behalf, to discuss any of these services or indeed looking to design a tailor made support package.
